Dear Wei Teck

LETTER OF APPRECIATION

On behalf of Department of Public Cleanliness (DPC), I wish to express my deepest appreciation to you for supporting our Learning Session on 21 Feb 2013. The event was well received and garnered good feedback from our fellow DPC colleagues.

The 2 complimentary sessions conducted by you on Financial Literacy were both informative and educative. Your conversancy in Malay and Mandarin had also conveyed the important message across to our lower Division Officers to be prudent in their financial spending and to save for rainy days. And, it is with your spirit of sharing that we are able to live through an ever- changing world economy that is rapidly shifting from capital investment to intellectual capital.

We look forward to the possibility of working with you in future sharing opportunities. Once again, a very sincere thank you for a professional presentation well done!

Lee Yee Pang (Mr)
